- Better animal welfare
- High daily gain
- High hygiene and health
- Water and feed separated
- 70/80 pigs per Funkimat
- Easy to learn
- Perfect for both meal and pellet feed
- Large adjustment handle provides a good overview through the stable

DOUBLE FUNKIMAT

The feeder is easily adjusted to all types of feed

Easy to operate, even for the smallest piglets.

Double FUNKIMAT is made solely of stainless materials to ensure long durability. Double FUNKIMAT is designed in consideration of today's demands on housing environment, making the feeder easy to clean as well as waterproof for sprinkling.

The feeder is easily adjusted to all types of feed. Optional closure of feed distribution is available. The feeder can also be separated for emptying and cleaning.

Double FUNKIMAT is available as a standard with reliable stainless nipple drinkers supplied by two separate water pipes and tubes - no fragile fittings.
